Roverwood Pine

Roverwood Natural

It makes sense when selecting finishings, to ensure chosen products will **stand the test of time**. Soft flooring is inherently less permanent and some would say only a temporary flooring due to its softness in regards to surface hardness and susceptibility to deep abrasion and wear. A properly installed tile floor will **outperform** and **outlast** all other flooring options on the New Zealand market. Timber tile is perfectly suited for floors and walls in all living spaces of the home.

Tile is not only *beautiful*, but it's also *healthy* for your home. Because of the base nature of the product, clay, tiles contain none of the chemicals that are associated with other flooring products and health issues.

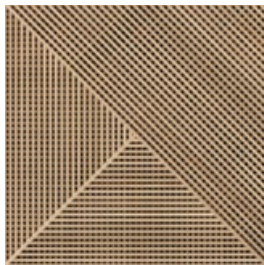

LUTHIER | 2 Decors (wall only) in 584x584mm with matching planks, 200x1200mm and the Line Mix 3D decor, 291x1170mm | PEI 5 | R10

SPRINGWOOD | 200x1200mm | PEI 3

Springwood Bianco

Springwood Buff

Springwood Tobacco

Timber tile is *long-lasting*, *easy to clean*, *fire-safe* and *slip-resistant*. Perhaps, most importantly – from a sustainability point of view - it is free of 'VOC' - Volatile Organic Compounds, unlike many other flooring options.

Tiles for **LIVING**

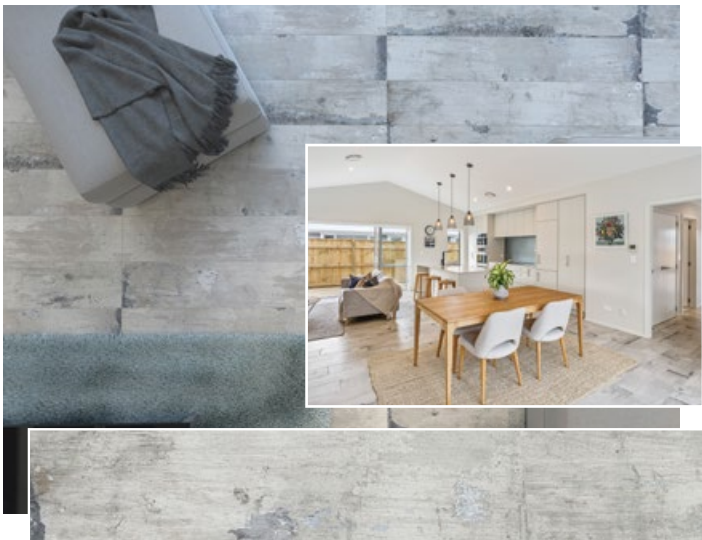

Environmentally friendly, porcelain tile is manufactured using natural materials and does not retain toxic chemicals, odours, allergens or bacteria. It also does not burn or emit toxic fumes.
