UNIKA

Backed by world class engineering and latest European design, UNIKA bathroomware commits to quality, style and affordability. With more than 16 years local industry expertise, nationwide service and retailer distribution network, we pride ourselves on exceeding customer expectation.

QUALITY

UNIKA mixer uses the best quality and hard ceramic cartridge made out of advanced ceramic alloy in an enclosed environment with special lubricating coating protection. It's hardness and smoothness maintain a consistent performance after 500,000 usages. The thick and uniform plating produce a superior smooth mirror effect and lasting shining finish to UNIKA chrome collections.

FINISHES

UNIKA offers a wide range of finishes to complement any interior design. In addition to traditional chrome finish, white/chrome, black, black/rose gold, gold, brushed nickel finishes are also available to its mixer collections. The adopting of latest technology and production processes ensure all UNIKA finishes are developed to the highest quality and durability standards.

DESIGN

Less is more is the designing principle that guides the design of UNIKA bathroomware. Seamlessly blending simple straight lines into subtle curved body creates UNIKA's unique design signature.
